Agna quidem sunt illa, quæ tibi merito ducti tui homines vbique tribuunt, longè autem maiora, vel omnium potius maxima, quæ te nobis, tuosque mores primo statim aspectu exprimunt singulares, gloriamque tibi omnium pene gentium admiratione pariunt immortalem; grauitas, altitudo animi, honestas, & pudor, quibus tu decorata ornamentis magnificè ita te geris, & splendide, vt eminens quasi sidus inter ceteras huiusce ætatis matronas quàm maximè fulgeas. Hinc nimirum factum est iampridem vt te nemo illis in locis adeat, qui te non colat maximè, ac obseruet, tantumque tibi debeat, quantum fas est hominem homini debere. Nec vero mirum; virtuti enim omnia omnes debemus, Cuius splendor cum in te tantus eluceat, vt oculos omnium, & animos perstringat, ingratus vnus ipse, vel ferreus potius habear, si hanc ipsam, quæcumque est, quam sum in præsentia nactus occasionem meæ erga te voluntatis testificandæ, vllò modo prætermittam, atque hæc opuscula musicis numeris expressa tuo inscripta nomini non diuulgem, quæ eò sunt forsitan gratiora tibi futura, quò tu studiosior huius facultatis in ea ita præstas, ac excellis, vt omnium admiratione recentiores quàmuis ingenij, & iudicij laude præstantes viros longo post te interuallo relinquas. Munusculum igitur hoc meum tu modo ne despicias, quod si ex tua spectes dignitate, perexiguum sanè inuenies, si verò ex meo tibi gratificandi animo, sine dubio magnum, quantulumcunque tamen est, benigne pro tua velim humanitate accipias, tamquam certissimum, ac perpetuum meæ erga te obseruantia monumentum. IACOBVS ANTONIVS CARDILLVS S. P. D.

Agna quidem sunt illa, quæ tibi merito ducti tuo homines vbique tribuunt, longè autem maiora, vel omnium potius maxima, quæ te nobis, tuosque mores primo statim aspectu exprimunt singulares, gloriamque tibi omnium penè gentium admiratione pariunt immortalẽ; grauitas, altitudo animi, honestas, & pudor, quibus tu decorata ornamentis magnificè ita te geris, & splendide, vt eminens quasi sidus inter ceteras huiusce ætatis matronas quàm maximè fulgeas. Hinc nimirum factum est iam pridem vt te nemo illis in locis adeat, qui te non colat maximè, ac obseruet, tantumque tibi debeat, quantum fas est hominem homini debere. Nec verò mirum; virtuti enim omnia omnes debemus, Cuius splendor cum in te tantus eluceat, vt oculos omnium, & animos perstringat, ingratus vnus ipse, vel ferreus potius habear, si hanc ipsam, quæcumque est, quam sum in præsentia nactus occasionem meæ erga te voluntatis testificandæ, vilo modo prætermittam, atque hæc opuscula musicis numeris expressa tuo inscripta nomini non diuulgem, quæ eò sunt forsitan gratiora tibi futura, quò tu studiosior huius facultatis in ea ita præstas, ac excellis, vt omnium admiratione recentiores quàmuis ingenij, & iudicij laude præstantes viros longo post te intervallo relinquas. Munusculum igitur hoc meum tu modo ne despicias, quod si ex tua spectes dignitate, perexiguum sanè inuenies, si verò ex meo tibi gratificandi animo, sine dubio magnum, quantulumcunque tamen est, benignè pro tua velim humanitate accipias, tamquam certissimum, ac perpetuum meæ erga te obseruantia monumentum.
